

DAVID LUGO

Junior Industrial Designer
Great Ideas - Unique Designs

Qualification Summary:

Design

3 months of profesional experience in graphic design and understanding the main functions of a company and it's areas. Done several projects for a rising company and image design for an other international brand.

Art

Life long passion of realistic drawing followed by an advanced art course of 2 years in high school and 1 year of industrial design sketching at Florence Design Academy.

Language

15 years of experience in the english language, written and spoken. 1 year of s residence in Italy studying the italian language.

Education

Florence Design Academy :

Florence, Italy (2018-Present)

Currently studying an academic course of Industrial Design. It is an intensive 3 year program that includes Adobe porgrams, rendering programs, and courses of:

- Industrial design I & II
- Sketchin I & II
- Materials and Manufacture
- Art History

Universidad San Francisco de Quito :

Quito, Ecuador (2017-2018)

Worked at a mechanical workshop with all kinds of heavy tools and machines. Here, the gaining of experience was unmeasurable due to all the projects and the knowledge aquired about all the machines.

Universidad San Francisco de Quito :

Quito, Ecuador (2016-2018)

2 Years of studies towards a mechanical engineering degree. Accomplished 10 credits of chemistry which has allowed me a good understanding of matter and materials in the environment.

Profesional Experience

Alma Company

Quito, Ecuador (2018)

Worked on an internship for 3 months being part of a dynamic team of graphic designers doing projects such as: designing credit cards, business cards and paper templates for a new company called Capitalika. At the same time, as graphic designers, changing the face of many important international and local brands such as Ton-Was.
